

OUR NEW WEBSITE TO ALLOW ACCOUNTANTS TO OBTAIN NEW LIMITED LICENCES FOR FREE*

June 2014

www.accountantlicence.com.au

Licensee Solutions has launched a new website which gives accountants the resources they require to obtain a new limited licence for free (apart from ASIC licensing costs). This will be ideal for accountants who provide advice on self-managed super funds (SMSFs), and who have decided that a limited licence is their preferred option.

The new website provides all of the required resources. It also provides essential information such as the benefits of obtaining an AFS licence versus being a representative, the suitability of obtaining a limited or full AFS licence and more information on the step by step process on how to obtain an AFS licence.

Licensee Solutions manager Kah Wai Hew said, "This new website offers a range of tools to assist accountants. The website is a dedicated one stop shop where accountants are able to obtain a succinct overview of the information and resources they need on the new licencing regime. It is unique in that there are no other websites offering the same service or level of detail".

To find out more about the new website or Licensee Solutions' services, please visit accountantlicence.com.au, or contact a member of the team on 08 9381 6187.

*Subject to ASIC charges, which are currently in the order of \$1,567.
